

# COMMON SENSE

## BRIDGE PLAY OF THE HAND AND DEFENSE

This 6-week course is designed for players who have learned the basics of Common Sense Bridge 1, or as a refresher for more experienced players.

Each class will consist of a 20-30 minute lesson focusing on specific aspects of declarer play and/or defense. The rest of the class time will be spent in supervised play. Like any worthwhile experience, bridge requires plenty of practice, and the best way to do this is through supervised play.

The curated hands played will reinforce the topic of that week's lesson. At the end of each class you will be provided with hand records (diagrams of the hands played), along with complete bidding, declarer play, and defensive tips for each hand.

### **Details:**

**Dates:** Wednesday evenings, April 15- May 20, 6 PM - 7:30 PM
